SKILLS

Programming Languages	C/C++, HTML, CSS, JavaScript, Typescript, Python
Tools/Technologies	React.js, Redux, Node.js, Angular, MongoDB, Tailwind, Bootstrap, MySQL, Postman, AWS
Others	Linux, Docker, Git, GitHub, Data Structures and Algorithm, Competitive Programming,

TECHNICAL EXPERIENCE

Full Stack Development   Feb 2023 —June 2024

V-Patrol   *Gurugram - On-site*

- Contributed to the development and deployment of an Admin Dashboard and several product front ends.
- Utilized MongoDB for efficient data storage and to ensure data reliability.
- Implemented React.js for the front-end to create an engaging user interface and Employed Node.js for the back-end to ensure smooth functionality and user experience.

Frontend Development Intern   Dec 2022 —Feb 2023

Identitycraft Solutions   *Jalandhar- Remote*

- Designed and developed the frontend of the Admin Dashboard and other sites for B.Pharma using React.js and Tailwind CSS, resulting in a seamless user experience.
- Built interactive web-applications with React.js, Sass, and Ant Design, delivering engaging and intuitive user interfaces.

PROJECTS

Spot News   Oct 2023

- Enabled users to customize news browsing by selecting categories and languages **(Hindi/English).**
- Developed a dynamic React app using the G-News API to fetch live news articles.
- Leveraged **HTML, CSS, ReactJS (Hooks and ContextAPI), Tailwind CSS, and React-Bootstrap** for a responsive and appealing UI. Created an interactive, user-tailored news browsing experience.

Search Through GitHub API   Sept 2023

- Designed and developed a **web application using Angular** to facilitate **real-time searching of GitHub profiles** via the **GitHub API.**
- Implemented a seamless user experience allowing users to search for any GitHub profile without requiring an internet connection.
- Leveraged technologies including **HTML, CSS, and JavaScript** to create a responsive and intuitive interface for the application.
- Demonstrated proficiency in utilizing APIs to fetch and display GitHub profile information, enhancing user accessibility and engagement.

ACHIEVEMENTS

Secured 11th position in the competition which showcased analytical and problem solving skills.

Solved 200+ coding questions on different coding platforms like Leetcode, coding Ninja. Leetcode , CodingNinja.

Software Engineering Virtual Experience Certificate from cognizant in Sept'23

CERTIFICATIONS

Advanced Software Engineering Job Simulation | Walmart Global Tech	Feb 2024
Completed the DSA in C++ | Geeksforgeeks	July 2023
Full stack web developer Programmer | Codehelp Certified	Dec 2022

EDUCATION

Lovely Professional University   July 2021 — May 2024

Bachelor of Computer Application —82%   *Phagwara, Punjab*

Sita Devi Higher Secondary School   June 2020 — Mar 2021

Senior Secondary — 61%   *Indore, MP*
